Our team will work with client to implement other precautions and guidelines

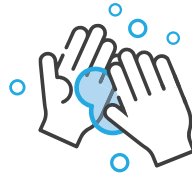

All samples and supplies to be sanitized thoroughly before and after event and in between groups

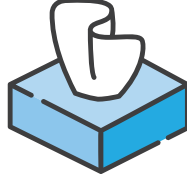

Client may opt for a virtual event where onsite staff demos products and recipients choose gift via our Event Card platform

Clearly marked spaces at distribution point to maintain 6 feet of social distancing

Adequate supply of 0.05% chlorine solution for hand washing to be set up near distribution area

Tissues and touchless trash receptacles to be provided

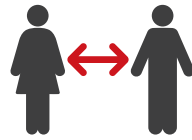

ONSITE STAFF PRECAUTIONS

Daily temperature checks will be taken for all onsite staff

Unless otherwise directed by client, onsite staff will wear protective masks

Onsite staff will stay behind demonstration table to respect social distancing

Onsite staff will follow printed checklist of standard operating procedures

Onsite staff will use hand sanitizer frequently before, during and after program

ATTENDEE PRECAUTIONS

Attendees required to use antibacterial hand sanitizer prior to approaching samples and after handling samples or picking up product

Attendees may choose their gift prior to event to avoid lines and contact with others

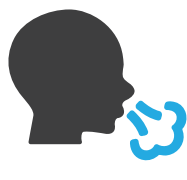

Crowding around distribution point will be prohibited

Gift recipients may only pass through distribution point once

Gift recipients to exit collection site after receiving gift, and encouraged to depart from distribution area

Attendees will be encouraged to adhere to respiratory etiquette, including covering coughs and sneezes

These protocols will be enforced as long as necessary based on host site and local/state/national guidelines. Protocols will be evaluated frequently based on easing of restrictions and our team will consult with client. Our goal is to operate a safe and healthy event atmosphere while delivering the best experience possible.
